

How to Apply for MRBA Skills Bursary - Information and Process

Thank you for your interest in and application for a bursary for funding of the MRS Advanced Certificate.

If you haven't already registered your interest with MRBA Skills then please do so **NOW** by emailing mrba_skills@mrba.org.uk. Someone will be in contact with you about the MRBA Skills bursary to answer any questions you may have and explain the application process in more detail before you actually apply.

As a needs-based organisation, MRBA has to ensure that the recipients of the Skills funding are suitable for benefiting from our help. Consequently, there is quite strict criteria in place to ensure that only those individuals who cannot afford the funding themselves, or whose employer does not have sufficient budget to fully fund the training, will receive MRBA Skills funding.

The next few pages outline the process, questions and next steps.

Are you eligible?

Our bursary scheme is open to UK researchers who meet the following criteria:

You must be able to answer yes to this statement:

By the time I start studying for the MRS Advanced Certificate I will have worked for at least 3 months continuously in the UK market or social research sector within the past 3 years

In addition, one of the statements below should describe your current employment status. If none of these describe your employment status then you are not eligible for MRBA Skills funding.

I am currently an employee, fieldworker or intern in a UK market or social research agency/supplier which has an annual turnover of less than £2 million and my annual earnings are < £35,000

I am currently an employee, fieldworker or intern of a UK client-side research team/buyer whose annual research & insight spend is less than £200,000 my annual earnings are < £35,000

I am currently a UK freelance researcher or contractor with an annual income of less than £50,000

I am currently an unemployed UK researcher seeking a new role in the UK market and social research sector

How much funding support might you receive?

In the application form you will be asked which MRS Advanced Certificate learning provider you require funding support for. Therefore you need to decide this now. This [link](#) takes you through to a handy guide from the MRS to help you make your choice.

The cost of each chosen learning provider (excl. VAT), as of February 2022, is:

Learning Provider	
Market Research Study Centre: Review Route	£790.00
Market Research Study Centre: Premium - fully tutored	£1,190.00
London Marketing Set: Face- to-Face course - fully tutored	£1,750.00
Research Academy: Online course with live tutorials - fully tutored	£1,545.00

Funding payments will be made to the appropriate learning provider, not to any individual applicant or their employer.

If you are planning to sit the MRS Advanced Certificate without following one of the accredited learning providers above, you will not qualify for MRBA funding.

MRBA Skills funding also works on a part matched funding basis, the amount of which depends upon your employment status at the time of your application.

On achievement of the MRS Advanced Certificate, MRBA Skills will reimburse the appropriate employer or individual the amount that person(s) has contributed.

The tables below explain this:

Agency last annual turnover 	£250,000	£250,001 - £500,000	£500,001 - £2,000,000
Currently an employee in a UK social or market research agency/supplier which has an annual turnover of less than £2 million	100% funding provided	75% funding provided	50% funding provided

Research & Insight spend per annum 	£100,000	£100,001 - £150,000	£150,001 - £200,000
Currently an employee of a UK client-side research team/buyer whose annual research & insight spend is less than £200,000	100% funding provided	75% funding provided	50% funding provided

Currently a UK-based freelance researcher, intern, contractor, fieldworker with an annual income of less than £50,000, or currently unemployed researcher	Expected to contribute £200

For example:

- Applicant A chooses to study at Provider X and works for an agency with an annual turnover between £250,001 - £500,000. Assuming the applicant meets all other funding criteria, MRBA Skills would contribute 75% of the course fee. Applicant A would need to fund the remaining amount via their employer, or personally. Applicant A is successful in receiving MRBA Skills funding and passes the Advanced Certificate qualification. MRBA Skills reimburses the remainder of the fees paid by the employer or applicant personally.
- Applicant B chooses to study via Provider Y and is currently a contractor. Assuming the applicant meets all other funding criteria, MRBA Skills would contribute the full course fee, minus £200 which would be paid for by applicant B. Applicant B is successful in receiving MRBA Skills funding but does not pass the Advanced Certificate qualification. MRBA Skills does not reimburse the remainder of the fees paid.

Please note – MRBA Skills funding will be limited to one application per agency or company or organisation within each online application period.
